I loved you in the mornin', with kisses deep & warm
Your head upon the pillow like a sleepy golden storm
Many loved before us; I know we are not movin'
City & in forest, they love like me & you
Now it's gone the distances; both of us must try
Your eyes fill with sorrow
Hey, that's no way to say goodbye

I'm not lookin' for another as I wander in my time
Walkin' to the corner, our steps will always line
You know my love goes with you, your love stays with
me
It's just the way life changes, like the shoreline of the
sea
Let's not talk of love or change, things we can't untie
Your eyes fill with sorrow
Hey, that's no way to say goodbye

(instrumental)

(That's no way to say goodbye) that's no way to say
goodbye

(repeat verse 2)

Goodbye
