Yes its true for most of my life I spoke devil  
And I did my best to dodge anything that looked at all  
like work  
I was prone to standing on corners smokin cigarettes  
and talkin about anything I didnt know  
Oh, how I needed to go

Please take me to the land of milk and honey  
To the land of love and sunshine  
To the land of milk and honey, Please take me

Time passed and I got a little older  
Takin on trouble just a little bit harder and a little bit  
bolder  
I was thinkin colder, fightin, lyin, cheatin
