I got cold soul
D'ya know what I mean
Cos I've been working
For the blue beat scene
It's been a long long time
Now I'm letting it in
Electrical shockers
Running through my system
I got cold soul
Running underground
If my heart stops
You won't hear no sound
It's been a long long time
Now I'm letting it out
The people they come in
Hear them scream and shout
I got cold soul
D'ya know what I mean
Ya don't know what I mean
And when it proves
the purest rock and groove
But ya make me nervous
Ya living in service
Cure your temper
Ya need a saviour
At the top of my style
Won't ya give me your smile
I got cold soul
D'ya know what I mean
Bring me down
We're going underground
Ya wanna cure your temper
Ya know I ain't a saviour
Ya wanna cure your temper
Ya know I ain't a saviour
Ya wanna cure your temper
Ya wanna cure your temper
Ay aya ay ay ay
Let me tell ya now stop
