Let me tell you what they told me  
Bought me up and sold me  
Cut me out and left me now I'm standing on my own  
You know they kicked me down and broke me  
Held me down and choked me  
Spun me round and pushed me  
Now there's nowhere left to go

Now I can't sleep at night  
Twitching in the spotlight  
Wake me up I'm screaming  
Is there something I should know  
The dealings cutting through me  
Lock me out confuse me  
Slow me down I'm racing  
And there's nowhere left to go

Left me get away from here  
This place is dead bad atmosphere  
There's nothing to do and now the feeling's gone  
I'm writing to you  
And it's just another love song

And now I'm looking through  
Someone that I once knew  
Break me down and kill me  
Cos I mean nothing at all  
Rip me up wide open  
All the lies are spoken  
Hanging on the wire  
It's too late for you to call
