(Babu mixing)

"Worst come to worst my peoples come first"

"Worst...come.....to worst"

"Worst come to worst my peoples come first"

"Worst come...to...worst"

"Worst come to worst my peoples come first"

(Evidence talking)

Yeah

It's goin down y'all

That's Babu

Yo, some people got good friends, at night I live my life
right

Intense, on the edge

On the wild, I'm from the group where friction leads to
fire

Stack your bricks, the time is take your pick

Do or don't, the track - Alchemist

My life is good, I got my peeps in the mix, so...

"Worst come to worst my people come first"

(Iriscience)

I got worldwide family all over the earth

And I worry 'bout 'em all for whatever it's worth

From the birth to the hearse, the streets, the guns burst

Words I disperse are here to free minds

And if mine are needy I need to feed mine

"When worst come to worst..."

(Evidence)

Set up shop and write a verse

Actually (what?), that's best come to best

My lyrics take care of me, they therapy

Get shit off my chest

Extra stress, three-four over the score

Different patterns of rhymin prepare me for war

So next time you see us we'll be deadly on tour

(Babu mixing)

"Oh, when you need me"

"Worst come to worst my peoples come first"

(Guru talking)

Word up, if worst comes to worst, I make whole crews
disperse

You know it's family first

Gifted Unlimited with Dilated Peoples

Babu, Evidence, Iriscience

And a shout out to my man Alchemist on the trizzack

"Oh, when you need me"

"Worst come to worst my peoples come first"

(Iriscience)

I'm a glutton for the truth, even though truth hurts

I've studied with my peoples on streets and in church

We make it hard when we go on first

Long road, honor of the samurai code

These California streets ain't paved with gold

Worst comes to worst

"Worst come to worst my people come first"

(Evidence)

Uh, I got them back, at the end of the day

We could go our separate ways but the songs remains,
it won't change

Got my target locked at range

I might switch gears but first I switch lanes

Without my people I got nothin to gain

That's why...

"Worst come to worst my people come first"

(Iriscience)

Special victims unit, catalyst for movement

Creates to devastate, since '84 show improvement

Definitely Dilated Peoples comes first

Cross-trainin spar, we raise the bar

And we put it in your ear no matter who you are

(Babu mixing)

"Oh, when you need me"

"Worst come to worst my peoples come first"

"Worst....come...worst my peoples come first"

"Worst...worst....worst....come to worst my peoples
come first"

"...my..my...my peoples come first

"Oh, when you need me"
