It may sound strange to your baby,  
oh yes indeed  
But when I leave you tomorrow,  
I'll be pleased  
I have been scratchin' at you for too long, too long  
I think it's time for us to part  
I do believe, that it is time

It may sound strange to your baby,  
yes, yes indeed  
But when I leave you tomorrow,  
I'll be pleased  
I have been scratchin' at you for too long  
I've torn your heart  
There's blood on my hands, and its time for us to part

There was a time  
(there was a time)  
that you were my only one  
there was a time  
that you were my special friend, ohh  
but now I hurt you every minute, every hour (every  
hour)  
the cream of our love has gone sour  
I'm the weed your the flower (the flower)  
it's time for us to part  
I think that it's time

Oh, did you see it comin' (no)  
did you think it would end like this (uh-uh)  
it should come as, no surprise (no surprise)  
you should've known it in my kiss  
cause then when the lights go down you stand me ok  
I am a low down fishers daughter by the light of day  
when it comes up I'll be no more in your way  
it's time for us to part, oh

I think that it's time, yeah  
I do believe  
don't you know I have a,

you've had enough of me baby

I think its time
