Got some books but I got no brain, I said I try my
hardest but in vain
Got my house, but I lost my home, I said without you
I'm all alone
Got my bed, but I can't sleep, because your love I just
can't keep
Got a license, but I got no car, I said without you I won't
get far

I got a phone but you don't call just what to say, forget
it all
I got burned and lost my pride, I said without you right
by my side
Got a job, but I make no pay I said it doesn't matter
anyway
Got no girl to spend it on I said without you my love
goes on.

You took my love and then you threw it through the
door

But for some reason I keep coming back for more
You said you'd always love me, love me, love me.
Those words you said they keep ringing in my head
Revolving round and a bringing me down
I can't replace the memory of you love, I love you.

Got some books but I got no brain, I said I try my
hardest but in vain

Got my house, but I lost my home, I said without you
I'm all alone
Got my bed, but I can't sleep, because your love I just
can't keep
Got a license, but I got no car, I said without you I won't
get far

I got a phone but you don't call just what to say, forget
it all
I got burned and lost my pride, I said without you right
by my side
Got a job, but I make no pay I said it doesn't matter

anyway

Got no girl to spend it on I said without you my love
goes on.

(chorus: Without you, without you, my love goes on,
without you, without

you, without you, my love goes on)
