She couldn't be, more than just 13
All I know she, look good to me
Hot on her trail, wanna she where she walk
Into the arcade ya'll, to laugh and talk

I am out, gonna ask this honey
If she'll play her pinball game with me
Almost time to go, dizzy from the rides
Behind the pinball machine, I'm tryin' to hide
Right next to me, she's makin' the scene
Hot new teenage breasts, like tangerines

I just wanna ask this honey
If she'll play her pinball game with me
Yeah, yeah

Wanna play some pinball, with this (?)
But damn my luck, Mom won't give me no money
Watch her walk away, teen dream of mine
Watch her disappear, in the corkscrew line

I'm never gonna ask this honey
If she'll play her pinball game with me
Come on and play with me, come on and play with me,
Come on and play with me
