I don't know what happened to me
(She played him like...)
A BOOGER!

She got me down on my knees
(She played him like...)
A BOOGER!

I'm walking alone on these empty streets
(She played him like...)
A BOOGER!
All I have are the clothes on my back and the shoes on
my feet
(She played him like...)
A BOOGER!

(Fuzz riff...)
Oh yeah. She played me like, yeah.
(Ooh-ooh-ooh!)

She took all of my money then all of my time
(She played him like...)
A BOOGER!

Now that she's left me, I will surely die
(She played him right!)
