A-E-I don't owe you nothing

Nothing

nada,

Nothing, never

I don't fit into yr dumb words

Language is memory pushing thru my skin

Bloody memory that filters everything

Blood is One

Hate is Two

My Pussy is Three, 3

That makes you for

Peace, Love and Equality

Your terms

I don't fit into those words

Yr alphabet is spelled with my blood

Yr alphabet is spilled with our blood

Blah, blah, blah, blah, blah

I don't understand

I don't understand
