Betty's got the back of her dress all ripped out

Mama's got her face muffled

Twist and Shout

Your a liar

Liar liar you got your pants on fire

You profit from the lie

You prophet from the lie

You profit from the rape lie baby

Eat Meat

Hate Blacks

Beat your fuckin wife

It's all the same thing

Deny, you live your life in denial

Stand my whole life on trial baby

Deny Deny deny deny

All we are saying is give peace a chance ha ha ha
