Your world not mine Your world not ours

Your world not mine Your world not ours

I will resist with every inch and every breath

I will resist this psychic death

I will resist with every inch and every breath

I will resist this psychic death

There's more than two ways of thinking

there's more than one way of knowing

there's more than two ways of being

there's more than one way of going somewhere

silence inside of me silence inside

silence inside of me silence inside

silence inside of me silence inside

silence inside of me silence inside

I will resist with every inch and every breath

I will resist this psychic death
