Baby, baby, baby
Let me take you out tonight
Baby, baby, baby
Where the stars are shining bright

And maybe, then just maybe
You will look into my eyes and

Say you love me
Stay to love me
Please don't keep me waiting
Hopes are fading
Everytime I
See you're not alone, so wont you
Say you love me
Stay to love me
Don't be hesitating
Say you love me
Never let me go

Baby, my sweet baby
I'm gonna take out to see
That all the other ladies
They don't mean that much to me

And maybe, then just maybe
I will look into your eyes and

Say I love you
Stay to love you
I wont keep you waiting
Please believe me
Everytime I
Say the words to you. Hear me
Say I love you
Stay to love you
I wont be hesitating
I will love you
Never let you go

Say you love me

Stay to love me
Please don't keep me waiting
Hopes are fading
Everytime I
See you're not alone, can't you
Say you love me
Stay to love me
Don't be hesitating
Say you love me
Never let me go
Say you love me
Never let me go
