(Intro) Priest Yeah, Priesthood Kamachi whadup? We doing it again Put your Good Hands together Good morning! [Killah Priest] The Heavy Mental is a experience, many witnessed it At 12, I experiment wit sentences containing toxic flows If I drop it - it explodes Cooking up pots of gold, the impossible I would camp at my plant Lock down my pad with clamps beneath bright lamps I would write too advance I spit my style up in two parts First the Southern technique came from heart My Northern style was more dark Some books was lost Techniques were picked up by unmatured source So I developed the third strike Neva heard on the mic, only if I felt you deserved the light And GZA told 'em - "I was a comet approaching" Pray, he at the ocean due to weak promotion And I did but it caused tidalwaves After that song B.I.B.L.E. played I quenched my thirst wit the 'Liquid Swords' The first time it was sweet RZA said "give 'em more" Wisdom poured in a class by myself So I asked no one for help So he can cheat on the test I would just beat on my desk A couple albums later -- the youth fountain found favor Now he doesn't have to speak to paparazi Priest and his posse Toast the good time wit Chief Kamachi Yeah! There I go Uh, it's a lil history right there For everybody coming up Yeah! Gotta write it down Record it in the scribes You know! [Chief Kamachi] Yeah, twenty years since I did my first demo tape Love to hear my voice on the instrumental break Messiah's word will reach a monumental state Two scraped up tape decks trying to innovate His DJ broke, cutting on a dinner plate In the mirror, wore your favorite rapper super hero cape Knew the words to 'Raw', thought I was Big Daddy Microphone Fiend didn't know the shit had me In every talent show I wanted it next Back in Philly the top group was 100X I said I'd invent, study and want to perplex Me & Priest Friday classic, what's coming next? We in the history books for bringing out the misery looks Wise ancient mystery crooks (Outro) Kamachi Yeah, uh, yeah Chief Kamachi & Killah Priest, know'I'm'saying Juju Mob, G-Sciples
