[Killah Priest]

From her womb I went zoom  
Through a misty gloom pass the moon  
Through a gape in deep space  
Finally I had room  
To create, I shift shape  
A single thought brought me through warps  
I transport to a spiritual land but not loss  
A strange cause  
I circle the well driven by force  
I lit up the night with light  
Become one with the light source  
Just a like a hawk, with black wings  
Black as the night, flapping  
I go up, the stardust left in my trails  
From a strong thrust  
I felt the rush blowing through a gust  
1200 spirits flying out of me  
I see an odyssey  
There was Enoch, Elijah, Emmanuel  
The man with nails  
Through his hands and feet  
Blessed the meek  
I felt asleep in the deep, couldn't speak  
When I awoke, still a ghost  
Still afloat, Assyrian folks I see starring at me  
24 elders called the "Lord helpers"  
Behind them were many more in white they all held  
doves  
6 on the left, 6 on the right  
Now let the 12 judge  
Books were opened, I looked at golden throne  
For them that was chosen  
I looked again, catacombs  
I see scattered bones before this chapter close  
Let me break it down for ya  
Enoch represented that the black man is in us  
Elijah meant the sun fire  
That's why he was taken higher  
Emmanuel showed us the black man's hell  
This white man's jail is their heaven

Wait on the seventh  
I'ma show you where we're heading

(Jeni Fujita)  
I'ma show you where we're heading  
And I'ma show you where we're heading

Enoch, Elijah, Emmanuel

Hero Emmanuel  
Hero Emmanuel  
Bring his captives home  
Bring his captives home  
Bring back the remnant of Israel  
Bring back the remnant of Israel

[Killah Priest]  
I heard the missile go "Ka-boom"  
Saw the clouds like a mushroom  
The whole planet in such doom  
The Egyptian's opened up King Tut's tomb  
Kawasaki went "Vroom"  
My spirit outta body  
Nail Cheselden Anunnaki, Godly  
Eloi, Eloi, ah, Eli, Eli, rise  
Seven plain, the unexplained  
I don't change  
Their continents were like lightning  
The pyramids were like the Mayans  
Beyond the Orion  
Star followed by the Three Wise Men  
Flying in the spiritual Zion  
The Constellation showed the lion  
The dawn to the horizon - their eyes on  
And the angel has said "Come with us  
You need rest, where there's no height, no depth  
There's no weeping, no-no death  
No-no bone, no-no flesh  
No blood, no-no sweat  
Can't enter all except thy Holiness"

(Jeni Fujita)  
There's no weeping, no-no death  
No-no bone, no-no flesh  
No blood, no-no sweat  
Hero Emmanuel  
Hero Emmanuel  
Bring his captives home  
Bring his captives home  
Bring back the remnant of Israel  
Bring back the remnant of Israel

(Sample)

From now on these men will revolve  
around you like the planets around the sun
