(Chorus) Priest
This is my redemption
And the angel saw
This is my redemption

This is my redemption
Hallelujah
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption
Hallelujah
This is my redemption
Hallelujah
This is my redemption
Hallelujah
And the angel saw
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption

This is my redemption
And the angel saw
This is my redemption
And the angel saw

[Killah Priest]

Post not against the natural branches
But if thy boast that bare is not the good root
that the Lord has planted
You who will rule the planet

For if the first fruit be holy
The lump is also holy
The roots and the whole tree
And thy will grafted in amongst them
Being while olive trees
I'm looked as he trunks them
I see the strange fruit hiding in your leaves
Idolatry, tricked knowledge's, their policy
My souls be set on fire
I rose from the depths from liars
Breath of Elijah
Never the less be full of joy and comfort
To the worldly things and out with things and
conquered
Strange women and parties and alcohol
I devour them all
And gave 'em back when I heard my call
'Cause I felt you there
You had my back when no one else cared
It's like a flare burning in mid air
All I could do is stare
I feel something in my system
It's more than a rhythm
It's just a voice calling me back to redemption
I'm walking over heated coals
Like Shadrach, Meshach, and Abednego
This life's eternal, I write my journal
If y'all could feel this
Feel something touching my spirit
I see the clearest that I ever seen
This must be what heaven means

(Chorus) Priest
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption
Hallelujah
This is my redemption
Hallelujah
This is my redemption
Hallelujah
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption
And the angel saw
This is my redemption

[Killah Priest]

Wait till I walk through the valley of the shadow of death

And my buckles where my barrel is kept

But I don't need it anymore, it's pure

Devotion I saw, I'm hoping he open this door

Remember not to transgression of my youth

But witness my grand presence; God made me new

The patience, the aching, the praying

Long suffering, the dedication, the new creation

To my adversaries that I would of had buried

It's not necessary, the old things become new

And this is true, straight out the blue

My spirit is renewed

Out of body experience what's my options?

The adoptions, the glory, the covenant

The giving of his judgment, the government

The service, the promise, and the fathers

And that shall cover it for Israel

(Chorus) Priest

This is my redemption

And the angel saw

This is my redemption

And the angel saw

This is my redemption

Hallelujah

And the angel saw

This is my redemption

Hallelujah

This is my redemption

Hallelujah

This is my redemption

And the angel saw

This is my redemption

And the angel saw

This is my redemption

And the angel saw

[Killah Priest]

Having to abolishing their flesh, amity

And the Lord has slain all my enemies

I live for centuries

All of them make mockery of the prophecies

That's the devil's psychology

I'm on top while they bottle feed

No longer strangers and foreigners

But fellow citizens of his lineage

Ghettos missing this

I can not peak, why? 'Cause the Lord have no limits

(Jeni Fujita w/ Priest)
The meek shall inherit the Earth
And the rich will perish the world
And the Saints will rejoice over her
When she's swallowed up under the Earth
For the meek shall inherit the Earth
And the rich will perish the world
And the Saints will rejoice over her
When she's swallowed up under the Earth
