Now maybe it's not  
I don't care anymore  
Now maybe I just never did  
Now you can't say  
That I have ever lied  
Because I kept the truth well hid

Now tell me what's wrong  
Is somethin' wrong?

You can't be sad  
When somethin' you have never had  
Well, suddenly feels gone

I wish you health  
I wish you happiness  
But absolutely nothin' else  
I wish you health  
I wish you happiness  
But absolutely nothin' else

Now I'm not here to keep an eye on you  
I think you misunderstood  
Yea, I could make things easy for you  
I won't, but I could

Does that make you sad?  
'Cause you look sad

You should be glad  
For what you've had  
And don't feel bad  
I could wish less for you

I wish you health  
I wish you happiness  
But absolutely nothin' else  
I wish you health  
I wish you happiness  
But absolutely nothin' else

There is no distance here to get across

There's nothin' to grip or get a hold  
The emptiness you feel is nothin' at all  
Now nobody break any bones

It could be worse  
Yea, it can get worse

You've got your strength  
When you have got your health  
You should be worried bout' somebody else

I wish you health  
I wish you happiness  
But absolutely nothin' else  
I wish you health  
I wish you happiness  
But absolutely nothin' else

Now I wish you health  
And I wish you happiness  
Now I wish you health  
And I wish you happiness  
I do wish you well  
I do wish you happiness  
I do wish you  
I do wish you happiness
