Now maybe it's not
I don't care anymore
Now maybe I just never did
Now you can't say
That I have ever lied
Because I kept the truth well hid

Now tell me what's wrong
Is somethin' wrong?

You can't be sad
When somethin' you have never had
Well, suddenly feels gone

I wish you health
I wish you happiness
But absolutely nothin' else
I wish you health
I wish you happiness
But absolutely nothin' else

Now I'm not here to keep an eye on you
I think you misunderstood
Yea, I could make things easy for you
I won't, but I could

Does that make you sad?
'Cause you look sad

You should be glad
For what you've had
And don't feel bad
I could wish less for you

I wish you health
I wish you happiness
But absolutely nothin' else
I wish you health
I wish you happiness
But absolutely nothin' else

There is no distance here to get across

There's nothin' to grip or get a hold
The emptiness you feel is nothin' at all
Now nobody break any bones

It could be worse
Yea, it can get worse

You've got your strength
When you have got your health
You should be worried bout' somebody else

I wish you health
I wish you happiness
But absolutely nothin' else
I wish you health
I wish you happiness
But absolutely nothin' else

Now I wish you health
And I wish you happiness
Now I wish you health
And I wish you happiness
I do wish you well
I do wish you happiness
I do wish you
I do wish you happiness
