What've we become, everything we had is gone
for a while I thought, we were best of friends
what's on my mind, I used to see you all the time
that's all gone, the fun is gone
You don't like me, I don't like you
what the hell are we supposed to do
who's to blame this time
I don't like you, you don't like me
whatever reason you've got, I disagree
who's to blame this time
what's there to say, don't know the rules, don't like the
game
you're a fake I guess, so that's all the same
what's with my head, I'm tired, can't get out of bed
something's wrong, the fun is gone
You don't like me, I don't like you
what the hell are we supposed to do
who's to blame this time
I don't like you, you don't like me
whatever reason you've got, I disagree
who's to blame this time, who's to blame this time
