I don't care anymore

I guess I thought I'd try, to carve out a better life
It takes too much energy, to live my teenage dreams

I offer apologies, as I lay down to sleep
For wanting the easy life, that God won't give for free

Chorus

I guess I can't take anymore

I guess I don't care anymore

Now I walk through this life, I always will run and hide
Because all that I thought was true, has somehow come
unglued

I offer apologies, to all of my teenage dreams
For bringing the heart of stone, to let you walk alone

Story: Song about the emotional warfare one
experiences
while attempting to become an artist.
