I met you the other night, you had no disguise  
And we sat, and we drank, and we tried; on a Friday  
night  
You say you been right through hell, oh I know it well  
I said lets walk right through hell, we both know it well;  
know it well

And then I saw you again, oh yah how ya been?  
On a cold Miami night, sexual firefight  
You said sign my dotted line, and youâ€™™ ll be all mine  
I said I walk my own line, yes I walk the line; walk the  
line

Chorus

Maybe we would never be  
Maybe we would never be

Story: Song about a girl. Song about the struggles we  
go through to find the one.
