Didn't know I was hurt 'til I looked and I saw I was  
bleeding  
Took a while to decide how to turn these thoughts into  
feelings  
Never mind what I'm going through, never mind I just  
met you  
You and I's a good enough reason, reason

Cause girlwise I don't know what just hit me  
And girlwise you turn me upside down  
You're perfect tonight, so I got to decide  
And girlwise I'm working it out

There were so many hours in the day when I wish you  
were with me  
What a waste just to throw them away when they're  
your to give me  
Never mind showing I care, never mind that I'm still  
scared  
You and I's a good enough reason, reason

Cause girlwise I don't know what just hit me  
And girlwise you turn me upside down  
You're perfect tonight, so I got to decide  
And girlwise I'm working it out

Woah oh, woah oh, woah oh oh oh  
I'm walking with some new intentions  
Woah oh, woah oh, woah oh oh oh  
I'm walking in a new direction  
Woah oh, woah oh, woah oh oh oh  
I never thought I'd find perfection  
Until now

Cause girlwise I don't know what just hit me  
And girlwise you turn me upside down  
You're perfect tonight, so I got to decide  
And girlwise I'm working it out  
Girlwise I'm working it out
