I can't believe it
You made it clear
The party is over
Your replacement is here
It's over forever (x4)
It's the same old story (the same old story)
I knew I was wrong (yeah)
Called up, called up your new lover
Your game here is done
It's over forever (x4)
I just wanna be free
Forever
It's over forever (x3)
It's all over forever
For you I'll do anything, anything
You were the one for me
Now pack your things
Give me back my ring (back my ring)
No more lying (lying) no crying (crying)
I just wanna be your friend
I can't believe it
I knew he was wrong
The party is over
You're game is done
It's over forever
It's over forever
It's all over forever
It's over forever
For you ...
Forever
I'll do anything
Forever
I'll pay your ring
I'll buy your clothes
It's over
It's over forever
Yeah yeah
It's over
yeah yeah
You used to be my love, you used to be my ...
I told all my friends about you

I'd Introduce you to my family
But now now now now
You gotta go (you gotta go!)
Don't call me on the telephone
Noooooooooooo!
Don't talk to my brother, my mother, my sister, my
children
Come on yeah!
Let me introduce you to somebody it's called slam!
Get out of my house
You've finished baby
No more, no more me and you
You and me
It's over forever
Your doctor
Your lawyer
Nooo!
It's over forever
You used to be my love
I need somebody else
It's over forever
It's all over forever
Forever
