"Draw Of The Cards"

Sleight of hand
hands of fate
Chance you take - life's a snake.
And it's all in the draw of the cards.
Lightning strikes breath of life
Red
black or white
watch em fall.

And it's all in the draw of the cards

And it's all in the draw of the cards.

Drop the cards - watch the eyes down n' dirty -
Let 'em ride. - Boulevard - small cafe - Cavaliers pass
the day.

The Joker laughs from the street
he weaves his web bittersweet
Ace is high
deuce is low
take the first - the rest should go.
And it's all in the draw of the cards
