When voices through the thin walls speak of aberrant  
behavior  
And the video's her only savior.  
She turns it on when they're all gone

And then she turns and slips her high heels on.  
Shadows fill the room and she starts movin'.

Voyeur  
voyeur  
are ya hot tonight?  
Dance  
dance  
dance till it makes you feel good.  
Voyeur  
voyeur  
who you've got tonight?  
Well  
love is still alive. It's just locked up inside.  
Lingerie and loveliness  
still lookin' for a strange and sweet caress.  
Her love life's hot  
but her life's a mess.  
She's got no minor vices  
and she makes no excuses.  
And she concedes that she's the one she pleases.

Voyeur  
voyeur  
are ya hot tonight? . . .  
Voyeur  
voyeur  
are ya hot tonight?  
Voyeur  
voyeur  
are ya hot tonight? . . .
