We are , we are,  
We are, we are the only ones  
That can bring it, bring it home  
We are , we are,  
We are, we are the only ones

This is an invasion,  
The unwanted kind  
I'm all about domination  
That's my state of mind

I'm gonna build an empire  
So what's yours is mine  
We're gonna take it home tonight  
Oh oh oh ohh

Lets make this one to remember  
We're blowing up the sky like the fifth of November  
We don't stop cuz we're impatient  
The anticipation is pumpin, pumpin, pumpin

Carry the light  
From the fire  
I can see it burning in your eyes  
Do or die  
We're crossing the light  
There's no where left to hide

Tell me what you're waiting for  
What you're living for  
We're bringing it home  
Oh oh ohhh  
No one's left behind  
You're not alone

Cuz we are , we are,  
We are, we are the only ones  
That can bring it, bring it home  
Cuz we are , we are,  
We are, we are the only ones

When I'm gone will you miss me?

Weâ€™ll find out in time  
Iâ€™m gonna go down in history  
As the one who changed your mind  
They said that Iâ€™m dangerous  
So whatâ€™s yours is mine  
Weâ€™re gonna take this  
Home tonight  
Oh oh oh oh

Lets make this one to remember  
Weâ€™re blowing up the sky like the fifth of November  
We donâ€™t stop cuz weâ€™re impatient  
The anticipation is pumpin, pumpin, pumpin

Carry the light  
From the fire  
I can see it burning in your eyes  
Do or die  
Weâ€™re crossing the light  
Thereâ€™s no where left to hide  
Tell me what youâ€™re waiting for  
What youâ€™re living for  
Weâ€™re bringing it home  
Oh oh ohhh  
No oneâ€™s left behind  
Youâ€™re not alone

Cuz we are , we are,  
We are, we are the only ones  
That can bring it, bring it home  
Cuz we are , we are,  
We are, we are the only ones

Right here where youâ€™re meant to be  
Iâ€™m gonna get my hands on you officially  
I swear lifeâ€™s a bitch  
And mineâ€™s called victory  
Thatâ€™s why I always come first literally

There ainâ€™t another like your kind  
All eyes on the prize but youâ€™re mine  
Never give up on something you canâ€™t go a day  
Without thinking about

Just carry the light  
From the fire  
I can see it burning in your eyes  
Do or die  
Weâ€™re crossing the line  
Thereâ€™s no where left to hide

Tell me what you're waiting for  
What you're living for  
We're bringing it home  
Oh oh ohhh  
No one's left behind  
You're not alone

Cuz we are , we are,  
We are, we are the only ones  
That can bring it, bring it home  
Cuz we are , we are,  
We are, we are the only ones  
That can bring it, bring it home
