"Fill A Heart"

There so many lives
Struggling to find
Just a little bit more
Trying to provide
Barely getting by
Could be right next door

No one should be left alone in the dark
With love, fill a broken heart
I know we can make the world better
If we come together
You gotta believe that

We can change the outcome
If we join in
reach out a hand
All it takes is someone
Stepping forward and make it a stand
you and I, is where it start
You and I can be a part
Feed a soul
Fill a heart
Feed A soul
Fill a Heart

You fell like giving up
Doubts are growing but you
Gotta keep on somehow
Hear the sound of hope
Let everybody know
We have the power to turn this around

No one should be left alone in the dark
With Love, fill a broken heart
I know we can make the world better
If we come together
You gotta believe that

We can change the outcome
If we join in
Reach out a hand

All it takes is someone
Stepping forward and make it a stand
You and I, is where it start
You and I can be a part
Feed a soul
Fill a heart
