Take a moment listen please  
Words like these don't come with ease  
You took my heart and kept it locked  
Now it's time to let it go

I want it all or nothing at all, to have you here  
Some people fall to hold on to their tears  
And if you want it all, I'd do anything to see you through  
And if I fall my heart holds on to you

Just one look and I'll subside  
When I'm with you my love can't hide  
Take a chance, don't run away  
With every breath I need to say

I want it all or nothing at all, to have you here  
Some people fall to hold on to their tears  
And if you want it all, I'll do anything to see this through  
And if I fall my heart holds on to you
