You could hurt with a word
You could change my life
You could tell me the truth
It would cut like a knife

But I won't let go
But I won't let go
But I won't let go

You could fall, hit the wall
You could lose your way
You could lose, you could bruise
Spend it all in a day

But I won't let go
But I won't let go
But I won't let go

'Cause if I had to save someone
I'd still save you
And if I had to pray for someone
I'd pray for you

'Cause you know we are
Made for each other
Can't take that away
Made for each other

Like sunshine and day
Made for each other
I'm here to stay
'Cause you know we are

Made for each other
I'm made for you
Made for each other

Like stars and the moon
Made for each other
We'll see it through
'Cause you know we are made

They could take, they could hate
They could break our hearts
They can try all they want

Never tear us apart
We will not let go
We will not let go
We will not let go

'Cause if I had to save someone
I'd still save you
And if I had to pray for someone
I'd pray for you

'Cause you know we are
Made for each other
Can't take that away
Made for each other

Like sunshine and day
Made for each other
I'm here to stay
'Cause you know we are

Made for each other
I'm made for you
Made for each other

Like stars and the moon
Made for each other
We'll see it through

'Cause you know we are made
You know we are made
Our love it won't fade
We just gotta be brave
You know we are made
