Left, left, left, right, left
Left, left, left, right, left

Tell me whats going on
I know theres something on your mind
Can you just open up?
Do you feel like i'm not, somebody trying to hurt you
Know i'd never let that happen, Must be out of thier
minds

'Cause you are the sunshine that makes my day
And I won't let them take that away, Hey

I'll be your hero whose standing strong
Who will protect you from any fights
And if your battles are pilling on
I will take them on with all my might
Cry my tears on my shoulder
You dont know what the future holds
So I'll be your personal soldier

Left, left, left, right, left
Left, left, left, right, left

If life is a battlefield, And theres so many dangers
Just when you think its OK, It blows up in your face
And when this road gets harder
You think your lucks ran out

I will find a reserve to take it right back
To where you heart deserves
'Cause there is no way that I won't put you first

I'll be your hero whose standing strong
Who protects you from any fights
And if your battles are piling on
I will take them on with all my might
Cry your tears on my shoulder
You don't know what the future holds
So I'll be your personal soldier

I'll protect you, Girl dont worry

I'll be your hero whose standing strong
Who protects you from any fight
And if your battles are piling on
I will take them on with all my might
Cry your tears on my shoulder
You don't know what the future holds
So I'll be your personal soldier

Left, left, left, right, left
Left, left, left, right, left.
