What are we doing here?  
And why do we have to live our lives this way?  
What do we have to fear?  
It's only words that the people might say.  
And here we are...  
2 of a kind...with Different Lives yeh

We live the same, both under cover.  
We hide ourselves, noone must discover.  
The fear inside, from first impressions.  
We find ourselves and learn about life's lessons.  
And here we are...  
2 of a kind...with Different Lives...

Here we are...as we take it day by day.  
No matter how hard...it is to live this way.  
And as with life...you learn how to live and you learn  
how to cry.  
And how to try...to love as 2 of a kind.  
As we live in our own Different Lives.  
Different Lives.  
flow

Here we are...as we take it day by day.  
No matter how hard...it is to live this way.  
And as with life...you learn how to live and you learn  
how to cry.  
And how to try...to love as 2 of a kind.  
As we live in our own Different Lives.  
Different Lives.

So what are we doing here?  
And why do we have to live our lives this way?  
And what do we have to fear?  
It's only words that the people might say.  
And here we are...  
2 of a kind...with Different Lives
