I know you want me I can tell.
So maybe you should, might as well.
We could play some games you see.
Take any or take all of me.
It's poetry in motion, love and true devotion every
night.
And if you want to play tonight, take a sip of my love
tonight
Love Potion in the night.

A little game of truth or dare
We could play it anywhere.
A little game of hide or seek
Just promise me that you won't peek.
It's poetry in motion, love and true devotion every night
And if you want to play tonight, take a sip of my love
tonight
Love Potion in the night

Break it down

A little game of read my lips
By playing with your finger tips.
A little game of truth or dare
We could play it anywhere.
It's poetry in motion, love and true devotion every night
And if you want to play tonight, take a sip of my love
tonight
Love Potion in the night
