11 Thousand days we've spent together,
11 Thousand days we've spent together you and me,
through the sun and the rain,
our love remains the same,
and after all this time I must conclude,
I want 11, 000 days again with you,
I was 5 years old when I first met you,
you were honor roll I was on skid row, in our 1 room
school,
then time went on and our first song
at the Junior High Prom was Stairway To Heaven,

11 Thousand days we've spent together,
11 Thousand days we've spent together you and me,
through the sun and the rain,
our love remains the same,
and after all this time I must conclude,
I want 11 Thousand days again with you,
Fast forward to High School Graduation,
you were a high class doll,
I was a skinny leg musician type
and I sang you songs
in the back of your momma's car singing'
"You look Wonderful Tonight",Ã,Â

you know it's true we've had our disagreements
and our fights, the love that we have grown
is the achievement of my life,
God gave you as my wife.Ã,Â
and no matter what may come
I want 11,000 days again with you.
