If I had to, baby there ain't much I wouldn't do, But if I
had a clue how to please you
What if I gave you long stem roses, or I could woo you,
Just like a knight in armor

There ain't nothin' that I would not do, to prove my love
is honest & true
But you'd say baby that ain't nothin' new, boy you don't,
boy you don't have a clue
Can't you guess what a woman wants, you just don't
have a clue, You're just a boy in a woman's world, I
know I don't,, I just don't have a clue

Now if you want me to, I can be the man you want me to
be, Now what a woman wants, is a tough beefed up
man, and what she really wants, is a boy to take out
that garbage can

Oh no now that I got things started, don't leave me
broken hearted
I'd like to visit you on Venus baby, Men are from Mars,
but are you really from Venus?
