I was blind, but now I see,
'cause girl you've given this boy,
yea you give me somethin' to believe,

Before we met girl I was in a sad sad state,
but then you cared for me yea you helped to set me
free,
now I got my mojo, just want to let you know
that you're the one for me, yea I gotta let it show,

yea you give me somethin' to believe,
Take my hand and understand,
believe in me and I believe in you,

When I had a bad day,
I get home you make it all go away,
girl you know it's true,
keep it pumpin, give me somethin' to believe.
