Sometimes you gotta take a whack at it,  
To get it right,  
You don't know how you're gonna get there,  
Or if it's worth the fight,  
But if you just keep holdin' on,  
And keep the faith,  
You know your gonna find it in a little while yea,  
So hold on tight, as we try to get a handle on it,  
Ooh yea we gotta take a whack at it.

Now when they tell you that you can't do it,  
They're standing in your way,  
Some people gonna shoot you down,  
But baby that's O.K.,  
But if we just keep holdin' on,  
And keep the faith,  
You know your gonna find it  
In a little while yea,  
So hold on tight,  
As we try to get a handle on it,  
Ooh yea we gotta take a whack at it.
