The first time I saw your face,
I felt my life begin anew,
We knew from that very day,
you'd love me and I'd love you,
but that was many years ago,
and that old world keeps crashin' in,
let's not let a good thing die
all we have to do is try to not let love slip away.

Turn the Water Back to Wine,
It's not so very hard to do,
You know the Good Lord's on our side,
with his help we'll make it through,
let's take a cottage by the Shore,
slow things down and spend some time,
let's not forget what really matters most,
turn the water back to wine,
we both know our love has stood the test of time,
we are the exception not the rule,
we've both seen that love untended withers on the vine,
so let's not let our flame begin to cool,
I'm begging you, Turn the Water Back to Wine,
We both know it's not too late,
I'm gonna put that cell-phone down,
this time our jobs will have to wait,
let's just remember way back when
it was just you and me and time,
let's not forget what really matters most,
