"What You Mean To Me"

I wanna tell you just what you mean to me
But the words don't sound right
And they don't come easily

I tried to rephrase it
Just what I mean to say
But it's all been said before
But I can't help but repeat it

I love you
I need you
I feel you and baby I breath you
Don't know what else there is to say
That's just how much you mean to me

I'll clone you
I'll phone you
I'll write a song for you
And baby I'll show you how
Can I make you see
That's just how much you mean to me

Girl you know it's true, I'm not much good with real
communication, I guess I bottle it up inside but now I'm
sending it down the line, So let me salute you girl I'll
board your ship, we'll Christen our voyage then we'll
set sail
Ain't nobody that can sing like me
