Walking out of the door

I'm on my way

Can you tell me just

Where I'm going

Occupational skills

Would you give me a clue

What to do cause my

Mind's in motion

Just trying to relax

I find myself on the couch

With big plans

But there's always tomorrow

Is something wrong with me?

Or the way that I'm thinking?

Come on, come on,

And tell me why you're staring

Come on, come on,

It must be what I'm wearing

Come on, come on,

And tell me why it is taking so long

For you to recognize and stop

Another day in the sun

I'm having fun

Feel the heat sneaking up on me

I take a look in the sky

A plane goes by

Is that the reason that I can't breath

I take a look and I wonder why

Why these birds don't fly

It's hard for me to see and I believe

My oh my

Come on, come on,

And tell me why you're staring

Come on, come on,

It must be what I'm wearing

Come on, come on,

And tell me why's it taking so long

For you to recognize and stop

Another day in the sun

I'm having fun

Feel the heat sneaking up on me

I take a look in the sky

A plane goes by

Is that the reason that I can't breath

I take a look and I wonder why

Why these birds don't fly

It's hard for me to see and I believe

My oh my

Come on, come on,

And tell me why you're staring

Come on, come on,

It must be what I'm wearing

Come on, come on,

And tell me why's it taking so long

For you to recognize and stop

Come on, come on,

And tell me why you're staring

Come on, come on and stop
