You can do the things
That can't be done
You can win the fights
That can't be won
When you're on a mission
You see it through
'Cuz this savin' the world thing
Is what you do
That's the way it has to be
It just comes so naturally
It's just you
Doin' the impossible, it's you
You're practically unstoppable
It's you
Totally ontoppable
It's you, it's you, it's you
You're Kim Possible
When the earth's in trouble
And we're in distress
We can call you, beep you,
Send an SOS

The situation is on

You never say maybe

>From here on out it's

Grab you, baby

That's the way it has to be

It just comes so naturally

It's just you

Doin' the impossible, it's you

You're practically unstoppable

It's you

Totally ontoppable

It's you, it's you, it's you

You're Kim Possible

It's not a secret, or a sign

It not the way the stars are lined

It's just exactly what is true

Not a superhero, it's just you

It's just you

Doin' the impossible, it's you

You're practically unstoppable

It's you

Totally ontoppable, it's you

You're simply Kim Possible

It's you

Doin' the impossible

Practically unstoppable

You're Totally ontoppable

It's you, oh it's you
