Summer's comin'

There're gonna drive us crazy

Let's go!

Oh yeah

When I saw him diving,

Diving deep into the deep end

I just had to ask my girlfriend

Who he was

She said I don't know his name

But, he's been sweating you all day

So maybe you should dive in

With him, girl because

Summer's here, the radio is playin'

All the songs we know

There're gonna drive us crazy

Ready set go!

Summertime guys

School is out, the sun is shinin'

Summertime guys

I think I wanna make him mine

Nothin' like the feelin'

That you get inside

Look him in the eyes

Summertime guys

Saw him at the movies

Yeah, he said he thought he knew me

>From the mall or maybe school,

And he was hot

Said there was a party

On the beach at seven-thirty

Would I like to meet him there?

I said 'Why not?'

I call my girls on the phone

Said there's a party goin' on

It's time to light this rocket

Seven, six, five, four, three, two, one!

Summertime guys

School is out, the sun is shinin'

Summertime guys

I think I wanna make him mine

Nothin' like the feelin'

That you get inside

Look him in the eyes

Summertime guys

Summertime guys

Summer's here, radio is playin'

All the songs we know
There're gonna drive us crazy
Ready set go!
Summertime guys
School is out, the sun is shinin'
Summertime guys
I think I wanna make him mine
Nothin' like the feelin'
That you get inside
Look him in the eyes
Summertime guys
Summertime guys
Nothin' like the feelin'
That you get inside
Look him in the eyes
Summertime guys
