Talking to you, talking to me  
across the satellite  
The star of modern man  
but this old-fashioned girl  
stands still in time

Ohhh oh oh

There's nothing to cure  
I've been this way for centuries  
Hard to believe  
that anything so pure  
could kill with such ease

Ohhh oh oh  
We've been surrounding, ahh  
Ohhh oh oh  
And terrorizing, ahh

Talking to you, talking to me  
across the satellite  
Oh now, the star of modern man  
but this old-fashioned girl stands still in time

Ohhh oh oh
