try to believe

when the going gets rough (When the things get
difficult)

that you gotta hang tough to make it (to be strong)

History repeats itself

try and you'll succeed

never doubt that you're the one

and you can have your dream

you're the best around

nothing is gonna ever keep you down

you're the best around

nothing is gonna ever keep you down

you're the best around

nothing is gonna ever keep you down

Fight till the end

'Cause your life will depend

On the strength that you have inside you

Gotta be proud

standing out in the crowd

when they odds of the game defy you (When most of
the

things in the game are against you)

try your best to win them all

and one day time will tell

when you're the one that's standing there

you've reached the final bell

you're the best around

nothing is gonna ever keep you down

you're the best around

nothing is gonna ever keep you down

you're the best around

nothing is gonna ever keep you down

(instrumental)

you're the best around

nothing is gonna ever keep you down

you're the best around

nothing is gonna ever keep you down

Fight till you drop

Never stop

You can't give up until you win sometime

(Fight!)

You're the best in town

(Fight!)

Listen to that sound

A little bit of all you've got

never bring you down!

Chorus
