If your man don't understand you - no  
if you fly on separate wings -  
Waste no time  
no - make a change - right now!  
Ride that man right off you range

Rub him out of your romance  
yeah  
dump him out of your dreams.  
I'm gonna wash that man right out of your hair

I'm gonna wash that man right out of your hair

I'm gonna wash that man right out of your hair

I'm gonna wash that man right out of your hair

I'm gonna wash that man right out of my hair

I'm gonna wash that man right out of my hair

I'm gonna wash that man right out of my hair

And send him on his way.  
I'm gonna wave that man right out of my arms

I'm gonna wave that man right out of my arms

I'm gonna wave that man right out of my arms  
And send him on his way.  
Throw him out and learn to live without him

That's what it's all about - just learn to live without him

Throw him a kiss and wave good-bye  
wave good-bye.  
Oh  
I'm gonna wash that man right out of my hair  
...  
Cut him  
clip him

clean him and learn to live without him.  
Squeeze him  
tease him  
freeze him and learn to live without him.  
Throw him a kiss and wave good-bye  
good-bye  
good-bye.  
If you laugh at different comics  
if you root for different teams

Waste no time and weep no more - show him what the  
door is for.  
Rub him out of your romance  
drop him out of your dreams  
yeah.  
I'm gonna wash that man right out of your hair. . . .
