If your man don't understand you (No)  
If you fly on separate wings  
Waste no time - make a change (Right now)  
Ride that man right off your range  
Rub him out of your romance (yea)  
Dump him out of your dreams

I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair  
And send him on his way  
I'm gonna wave that man right out of my arms  
I'm gonna wave that man right out of my arms  
I'm gonna wave that man right out of my arms  
And send him on his way

Throw him out and learn to live without him  
That's what it's all about - just learn to live without him  
Throw him a kiss and wave good-bye

Oh I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair  
And send him on his way  
I'm gonna wave that man right out of my arms  
I'm gonna wave that man right out of my arms  
I'm gonna wave that man right out of my arms  
And send him on his way

Cut him, clip him, clean him and learn to live without  
him  
Squeeze him, tease him, freeze him and learn to live  
without him  
Throw him a kiss and wave him good-bye

If you laugh at different comics  
If you root for different teams  
Waste no time and weep no more  
Show him what the door is for  
Rub him out of your romance  
Drop him out of your dreams (Yea)

I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair  
I'm gonna wash that man right out of my hair
