One shot is all you've got  
To make your mark, to make your difference  
One chance, but you don't understand this

LA LA LA LA LA  
LA LA LA LA LA  
Life is but a breath  
Don't waste it

Cause your time is limited  
All you have is the breath already exiting your lungs  
If you won't live, you might as well die  
You can't afford to lead that life

LA LA LA LA LA  
LA LA LA LA LA  
Life is but a breath  
Don't waste it

Hands down, no regrets  
Life has its hands around my neck  
Fight back, no regrets  
Life has it's hands around our necks

LA LA LA LA LA  
LA LA LA LA LA  
Life is but a breath  
Don't waste it

LA LA LA LA LA  
LA LA LA LA LA  
Life is but a breath  
Don't waste it
