Tell me your story like you would not said it before  
I've been dying.  
Here with your heart, all your fears, and while they are  
yours  
I've been trying  
To keep all the weight off, you and I both know  
You're just fighting.  
This time just stay where you are and let me be yours.

So just say what you wanted to say,  
But just don't hold back.

Don't let me down, I've fallen away in all the shame that  
I feel.  
Don't let me down, I'm lost and awake,  
I need you now, I need you here.

I know what you wanted, but safety was never a cure.  
I know you're dying  
To break through the surface and find out what it was  
all for,  
I've been trying  
To tell you that I'm not a ghost that comes and goes,  
I'm not fighting.  
The settle and the scores, I'm caught redeeming yours.

So just say what you wanted to say,  
But just don't hold back.

Don't let me down, I've fallen away in all the shame that  
I feel.  
Don't let me down, I'm lost and awake,  
I need you now, I need you here.  
Don't let me down, I've fallen away in all the shame that  
I feel.  
Don't let me down, I'm lost and awake,  
I need you now, I need you!

All of the cameras lie up in the shelf,  
I'll be caught in the way.  
Call what may.

So I'll say what I wanted to say,  
But I won't hold back.

Don't let me down, I've fallen away in all the shame that  
I feel.

Don't let me down, I'm lost and awake,  
I need you now, I need you here.

Don't let me down, I've fallen away in all the shame that  
I feel.

Don't let me down, I'm lost and awake,  
I need you now, I need youâ€¦
