I'll see you in the morning at the break of daylight
But if you wake up and I'm gone
I'll see you on the other side

Late nights talkin'
We stood by the window by ourselves
Remembering the starry nights
And wishing they could be ours
And now we wonder
What happened to those times?
Cause' I'd give anything to have you here tonight

I'll see you in the morning at the break of daylight
But if you wake up and I'm gone
I'll see you on the other side

When you're kids like us
You do whatever, whatever it takes
To get to where we are now
To get to where we are now

When you're kids like us
You do whatever, whatever it takes

To get to where we are now
To get to where we are now

Nothing holds you back
When you're kids like us
Chasing our dreams
And living life for every second

Nothing holds you back
When you're kids like us
So chase your dreams
And live your live for every second

I'll see you in the morning at the break of daylight
But if you wake up and I'm gone
I'll see you on the other

And I'll see you in the morning at the break of daylight

But if you wake up and I'm gone
I'll see you on the other side
