Bump, Bump, Bump That's the sounds of the 15's while  
they hittin' in my trunk

Said Bump, Bump, Bump We're the Kottonmouth Kings  
and we don't give a f---

I was livin' my life on the 9 to 5 Up early in the morning  
trying to survive

A chump change, it's a shame with no education No  
inspiration, no destination

But now my occupation is to do what I like Keep the  
crowd moving and rock the mic

Cuz if I don't rock it then another sucker will

And if you don't jock it then I can't pay the bill... C'Mon,  
C'Mon!

Bump, Bump, Bump That's the sounds of the 15's while  
they hittin' in my trunk

Said Bump, Bump, Bump We're the Kottonmouth Kings  
and we don't give a f---

Said Bump, Bump, Bump

That's the sounds of the 15's while they hittin' in my  
trunk

Said Bump, Bump, Bump... Saint Dog putting down for  
Suburban Pride...

I'm that pig that the bi----- talk about

Saint's what they shout, you got all the clout

A day in the life of a Kottonmouth King 1605... (fool pass  
me the bing)

Trip Daddy X threw me out on stage  
Said Saint  
represent for the underage

Same damn year, my face is up in rays  
Got that ring in  
my nose labeled 16 gauge

Nah, Saint Dog, I hunt ducks with a 12 gauge

And when I'm on the stage, yes I get get real blazed

Get me on the court my skills will put you in amaze  
T-T-T-Tickin a twine all day

C'Mon, C'Mon! Bump, Bump, Bump

That's the sounds of the 15's while they hittin' in my  
trunk

Said Bump, Bump, Bump

Said Bump, Bump, Bump...  
D-Loc's on the pipe, Rip Rips  
it up...

It's the unpolitical, psychoanalytical  
Undefeated champ  
that'll stick you fool

My style is crazy not wooka waaka lazy

If you chill with me I'll be sure to... (blaze thee)

It's about time to compute your math  
Cuz my beats keep  
bumpin' like a seismograph

And like Mickey Mantle, I can switch my stance

I'm a supercharged baller that's electrically enhanced.

My flows are silky soft... like I write and my lesson

And now a lyricist, poetry in motion  
To each and to each  
I cause a commotion

Cops smellin' money takin' off with my portion

Farewell to all and to all good night!  
I'll leave ya these  
????? out all night..

Wait, Wait, Wait you said ????? that shit will suck you  
up

Get off the ????? and rock the bump  
Bump, bump,  
bump,

That's the sounds of the 15's while they hittin' in my  
trunk

Said bump, bump, bump
