"Peace Not Greed"

A lonely teenage daydream of things I just might be
A surreal kind of thinking keeps on drifting in on me
My twisted body is lifeless, not so their twisted minds
Peace through power their motto, power for peace their
crime
Product of our environment
Maybe one day they will legalize weed
In the year 2Gs the planet could be deceased
We plead to the fleas while we're beggin' on our knees
In our hometown Cali with bears and green trees
Birds and the bees, hot sand on the beach
Shells in the sea and I'm living in peace
Like a dog on a leash, locked up with no keys
I gotta smoke under cover, motherfuck the police
Yeah, see the magic hand pull a rabbit from a hat
The law's an illusion, as simple as that
Putting us in jail, funding it with our tax
I can see the wires in the levitating act
I can hear the lies and they're calling them facts
I can see the bars and they're lookin off track
I read between the lines but the lines are all cracked

I can feel the knife turning in my back
How would life be if the world smoked weed?
Guaranteed there'd be peace not greed
See, it's hell, living in a cell
Legalize the plant only time will tell
You are a sacred being of light
Projected into reality for a purpose
Demand the right to your moment
In this holographic gift with no rules, no borders
Except for those who you choose to accept and live by
Abolish government, it's nothing to me
Forget about god, he's not here to see
We live by a system, a perfect mold
People, perfect people, who are poor and old
Lies were spent on a sad defense
They said we're lookin for a method in this world ???
Presidents are named,
Presidents are labeled highest man on the government
table
America, land of the free
Free to the power of the people in uniform
How would life be if the world smoked weed?
Guaranteed there'd be peace not greed
See, it's hell, living in a cell
Legalize the plant only time will tell
Society, fuck it, I've had enough

The system's full of crooks, straight up corrupt
You look like a decoy, bobbing like a duck
And your money keeps 'em smokin' on a BC Bluff
You're caught up in the headlights of my V-Dub bus
TSOL and the Kings about to even things up
Your birds will take all the air out the sky
Bring em down to our level, you can run, can't hide
Product of our environment
A lonely teenage daydream of things I just might be
A surreal kind of thinking keeps on drifting in on me
My twisted body is lifeless, not so their twisted minds
Peace through power their motto, power for peace their
crime
The government keeps tight control over the population
While the schools teach the kids restricted education
Murder, rape, sex, and underage prostitution
They got the war on pot, they got the wrong solution
I wake and I bake, nowhere to escape
Livin' life in a tank, they invade my space
Betrayed full of hate while they're shootin all blanks
Society's lost in a paranoid state
It's the illusion of ownership, it's take what you can get
The banks are the loan sharks and everyone's in debt
And if you get ahead how quickly you forget
You're hanging from a burning rope without a safety
net
They tax you when you sell, they tax you when you buy

They take half when you live, then they take half when
you die

These are the lies that they are stating as facts

I can see the wires of the levitating act

How would life be if the world smoked weed?

Guaranteed there'd be peace not greed

See, it's hell, living in a cell

Legalize the plant only time will tell

I'm glad that I can read, I'm glad that I can write

I read their fuckin bullshit every single night

When off in my head went a little fuckin light

It told me what was wrong and it told me what was right

World bank-power and control, issuing the money and
they're dolin' out the roles

Charging what they want to with the money they control

Living in their nightmare, giving them your soul
